From planning to post, one team sees it through

One team takes every project from planning and direction through 2D/3D motion graphics, illustration, filming, VFX compositing, editing and color grading. Nothing is scattered across vendors, so schedule and quality stay in one place.

ONE TEAM

Start to finish

Planning, direction and delivery all sit with the same team, so the schedule and the tone hold.

RANGE

Genre and style

Live action, 3D, 2D, illustration and typography — the visual is designed for each film.

AI × VFX

Generative AI

Generative AI combined with VFX compositing cuts time and cost and widens what we can show.

Game, commercial, exhibition, AI

Every scene you need, made inside one team.

3D Cinematic

3D cinematics and 3D game-data films

Game Trailer

Game trailers and game intro films

Promotion

TV and online commercials, brand films, music videos

Exhibition

LED walls, multi-screen rooms and media façades

AI Content

Generative AI x VFX cinematics, promos and exhibitions

Motion & VFX

2D/3D motion graphics, VFX compositing, editing and DI

From planning to delivery, five stages

One team runs the whole process and keeps the schedule.

01 Planning

- Goals & audience
- Concept & script
- Schedule & scope

02 Pre-production

- Storyboards
- Style frames & design
- Animatics & previz

03 Production

- 2D motion & illustration
- 3D modeling & animation
- Filming & generative AI

04 Post-production

- VFX compositing
- Editing & color (DI)
- Typography & subtitles

05 Delivery

- Feedback & revisions
- Format mastering
- Final delivery

DELIVERY FORMATS

FULL HD

1920 × 1080

4K UHD

3840 × 2160

VERTICAL · SQUARE

1080 × 1920 · 1920 × 1920

LED WALL

Up to 15000 × 1080

MULTI-SCREEN

4-side · N-side · façade

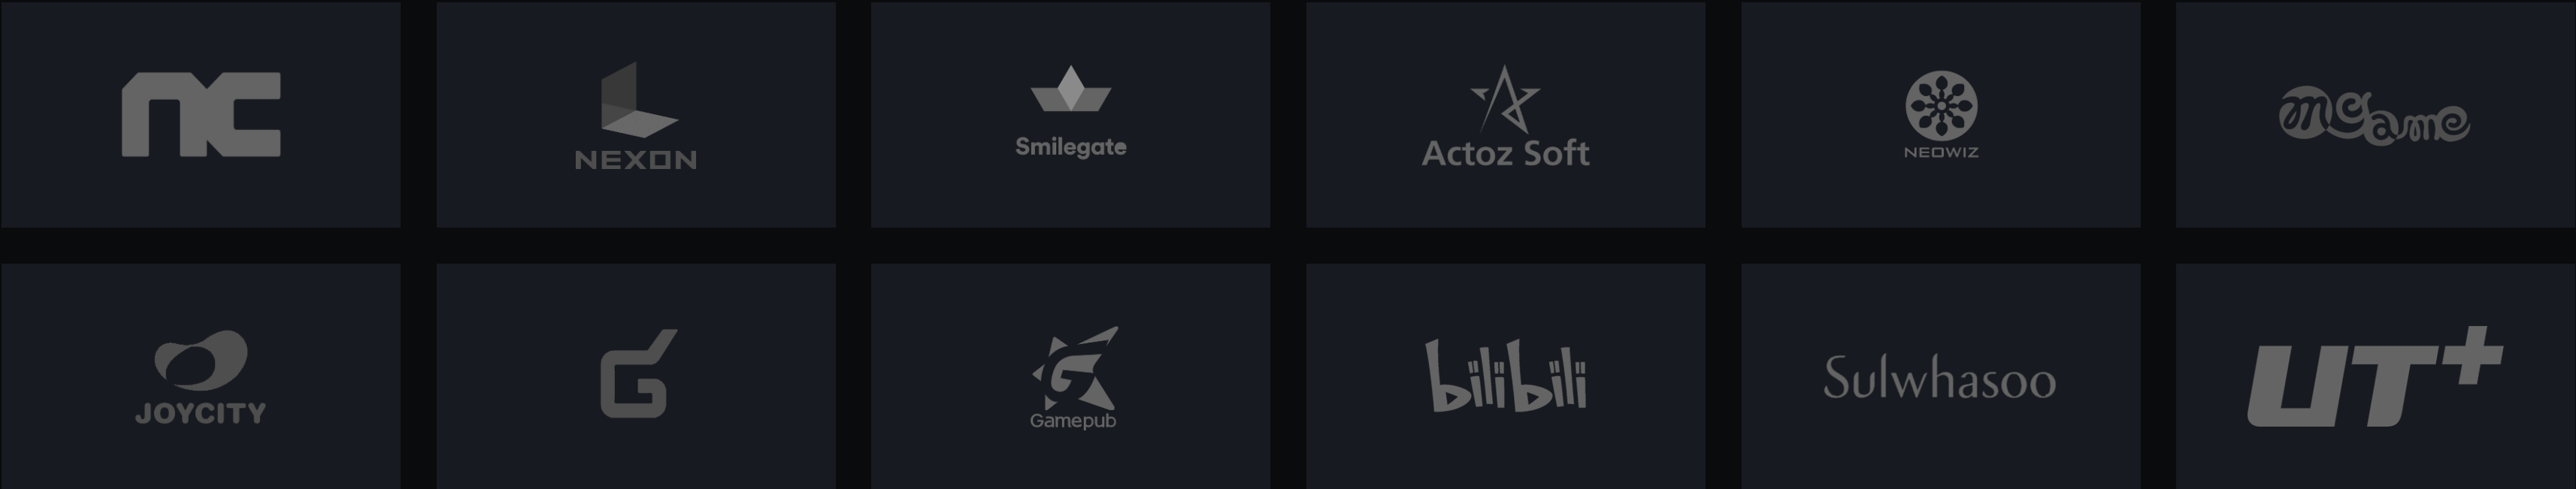

Since 2013, without a pause

Starting as D-Plug in 2013, we grew from game films into commercials, exhibitions and AI.
